**\*New this year** - The camp will include instruction from area College coaches (DI and DII most likely) – this will give the players a chance to get training from a college coach and ask questions about the college game and expectations. Is college soccer really for me?

We will also be working on elements of the game crucial to the success of aspiring High School soccer players. Additionally we will assist players in better understanding where they stand in terms of physical fitness, tactical awareness and technical soccer skills, we will help the players better understand what it means to compete as a High School soccer player. Demands of high school soccer are different than club soccer.

Attendance is highly recommended
